

## Why 2023 is a must-have vintage for Beaujolais lovers

Three Beaujolais 2023 drinking well now

### Bret Brothers, Poncié, Fleurie 2023 – 92 points

The approachable, plummy fruit aromas of this single-vineyard Fleurie are accented with notes of fresh flowers and liquorice. The texture has a plump density but there is enough finesse to give this a moreish balance that calls for a second glass. The grapes are from the steep, southwest-facing slopes and pink granite soils of Poncié; they are fermented as whole bunches and given a fairly short maceration before ageing in used barrels.

DECANTER – Charles Curtis MW, November 19th, 2025
